

**In the Specification:**

Please cancel the Sequence Listing, pages 1-12, submitted August 6, 2001, and insert therefor the accompanying paper copy of the Substitute Sequence Listing, page numbers 1 to 12, at the end of the application.

**REMARKS**

This Substitute Sequence Listing corrects discrepancies between the sequences in the Sequence Listing previously submitted and those in the informal drawings originally filed. In particular, there are some "C" and "G" residues in sequences from FIG. 1 interchanged, and SEQ ID NOS:19 and 23 were inadvertently entered into the Sequence Listing in the 3'→5' direction from FIG. 2 and FIG. 3, respectively. A set of corrected Formal Drawings accompanies this amendment which also corrects some inadvertent errors introduced in the conversion from informal figures to Formal Drawings. The Substitute Sequence Listing contains sequences which are in conformity with these corrected Formal Drawings.

Applicants request entry of this amendment in adherence with 37 C.F.R. §§1.821 to 1.825. This amendment is accompanied by a floppy disk containing the above named sequences, SEQ ID NOS:1-23, in computer readable form, and a paper copy of the sequence information which has been printed from the floppy disk.

The information contained in the computer readable disk was prepared through the use of the software program "PatentIn" and is identical to that of the paper copy. This amendment contains no new matter.
